About the Demolizer® II

The Demolizer ® II is the GREEN alternative to biomedical waste disposal. The device is the only patented, portable, and self-contained system able to process both sharps and typical red bag biomedical waste onsite. The processed waste is rendered sterile and discarded as common trash eliminating up to 100% of the cost associated with its disposal. The Demolizer® II meets or exceeds all EPA and CDC guidelines and is

approved or meets treatment requirements in 48 states after review by 80 governmental agencies. The device uses no chemicals or liquids, plugs into a normal outlet through a surge protector, and automatically records and prints state required documentation. The Demolizer® II provides a safer, more environmentally GREEN method for biomedical waste disposal.
