

BioMedical Technology Solutions, Inc. and Distribution Partner, Henry Schein, Continue Nationwide Roll-Out of Demolizer® II in US HealthWorks Locations

BioMedical Technology Solutions Holdings, Inc. (OTCBB: BMTL)

ENGLEWOOD, CO--(October 5, 2010) BioMedical Technology Solutions Holdings, Inc. (OTCBB: BMTL), through its wholly-owned subsidiary, BioMedical Technology Solutions (“BMTS”) is pleased to announce that the next round of Demolizer® II units have been received by US HealthWorks for placement throughout its nationwide health centers. As part of a continuing initiative to provide its network with “green” alternatives that can reduce costs through cutting-edge technologies for biomedical waste disposal, US HealthWorks is continually expanding its placement of Demolizer® II units throughout the United States. US HealthWorks’ research has proven that their biomedical waste disposal costs have been reduced by 70% at facilities using the Demolizer® II System.

Tom Von Bank, National Director of Sales for BMTS, commented, “We’re excited with the expansion of the Demolizer® II throughout US HealthWorks. Through our partnership with Henry Schein and the assistance of their Senior Sales Rep, Kip Kula, the national roll-out is going extremely well.” Mr. Von Bank continued, “We are presently in the final planning stages with US HealthWorks as to the details of the next placement schedule, which will then translate to over 30% of the US HealthWorks’ facilities utilizing the Demolizer® II.”

BMTS CEO, Don Cox, stated, “The pace of our distribution is growing exponentially. The rate of growth is a product of the superior performance and cost-saving capacities of the Demolizer® II System as well as a strong “green” initiative coupled with the overwhelming level of acceptance from staff and management that use the unit daily.” Mr. Cox further said, “We are currently in both domestic and international negotiations and look forward to continued accelerated growth.”

About BioMedical Technology Solutions Holdings, Inc.

BioMedical Technology Solutions Holdings, Inc., located in Englewood, Colorado, sells the Demolizer® II through its wholly owned subsidiary BioMedical Technology Solutions, Inc. BMTS' patented Demolizer® Technology converts infectious biomedical waste into non-infectious material. BMTS' products provide biomedical waste treatment solutions for the over 1,000,000 low to medium volume medical waste generators in the US and a global market five times larger than the US. For more information, visit <http://www.bmtscorp.com/> or call 866-525-2687.

About the Demolizer® II

The Demolizer ® II is the GREEN alternative to biomedical waste disposal. The device is the only patented, portable, and self-contained system able to process both sharps and typical red bag biomedical waste onsite. The processed waste is rendered sterile and discarded as common trash eliminating up to 100% of the cost associated with its disposal. The Demolizer® II meets or exceeds all EPA and CDC guidelines and is approved or meets treatment requirements in 48 states after review by 80 governmental agencies. The device uses no chemicals or liquids, plugs into a normal outlet through a surge protector, and automatically records and prints state required documentation. The Demolizer® II provides a safer, more environmentally GREEN method for biomedical waste disposal.
